

Hudson Energy is an independent provider of energy to medium and large businesses in the UK. Our approach is centred on providing our customers with bespoke energy products at highly competitive prices.

The Hudson Energy team are energy experts and understand the demands involved in growing a business. Our range of clear, flexible and low cost energy contracts can be modified to suit your exact needs, so you can be confident your energy is taken care of.

Why Hudson Energy?

-  Dedicated Customer Portfolio Manager
-  100% renewable electricity, with options to invest further to tackle climate change
-  Industry expertise
-  Competitive prices
-  Clear billing, contract and payment options

As a Hudson Energy customer, you'll have access to your own dedicated Portfolio Manager to ensure a consistent and personal service.

WHERE WE HAVE COME FROM

We have grown considerably since launching in 2012 and benefit from the unique support of our parent company Just Energy, a group serving over 1.2 million customers in North America.

Speak to us today and find out why so many people are switching to Hudson Energy.
